Target role: Home Health Aide **Job title:** Henry Ford Medical Group Clinic Service Representative - Colorectal Surgery 40 Hours Day Shift ## PROFESSIONAL SUMMARY Compassionate healthcare in-home care professional with 5+ years of experience supporting medically vulnerable adults through intake, enrollment, care documentation, and client/family coordination. Proven ability to keep workflows compliant, accurate, and responsive for this role. Experience includes home health, customer service. ## CORE SKILLS - Home Health - Customer Service - Personal care assistance and daily living support - Client intake, enrollment, and care coordination - Client observation, safety checks, and condition reporting - Provider and family communication - Medication support and wellness monitoring - Scheduling, referrals, and follow-up - Data entry, reporting, and administrative accuracy - Telehealth and remote care readiness - Bilingual: English, Gujarati, Hindi ## EXPERIENCE ### Client Enrollment and Growth Coordinator **Shantiniketan Adult Day Care** | July 2022 - February 2026

- Managed client intake, registration, enrollment documentation, and referral coordination for an adult day care program serving 130+ participants.
- Increased client participation from approximately 30 to over 130 by improving onboarding, family communication, and enrollment workflows.
- Served as the primary point of contact for clients, families, and care staff, coordinating schedules, provider follow-up, and care plan logistics.
- Maintained accurate health records, medication logs, attendance reports, and care instructions in HIPAA-compliant workflows.
- Monitored vital signs and assisted with medication administration under certified protocols.
- Organized daily workflows across front desk, client support, and administrative tasks to ensure smooth facility operations.

In-Home Client Support Specialist

Valley View Home Care | January 2019 - December 2025

- Delivered dependable in-home care for elderly clients, assisting with daily living needs, safety checks, and wellness monitoring.
- Documented client observations, care activities, and schedule updates to support consistent care delivery and family communication.
- Reported changes in client condition, medication needs, and appointment schedules to supervisors and care teams.
- Built strong rapport with clients and families through patient, respectful, and responsive service.
- Managed care documentation and coordinated logistics for client visits.

Kitting Associate

Gentex Corporation | Carbondale, PA | July 2019 - May 2022

- Supported production workflows by preparing kits, handling materials, and maintaining accurate inventory records.
- Processed orders, verified shipments, and updated database records with precision and attention to detail.

- Followed safety procedures and supported team productivity in a fast-paced manufacturing environment. ## EDUCATION
