Michigan Medicine Hiring Team

Dear Hiring Team,

I am excited to apply for the Patient Services Associate - Reading Room Coordinator position with Michigan Medicine. My background combines healthcare administration, patient and family communication, accurate documentation, intake coordination, and calm support in busy care settings. I am especially interested in this role because it calls for the same strengths I have built across adult day care operations and in-home healthcare support: being organized, responsive, professional, and dependable for patients, families, providers, and care teams.

At Shantiniketan Adult Day Care, I supported client intake, registration, enrollment documentation, attendance records, care instructions, medication logs, and family communication for a program that grew from approximately 30 participants to more than 130. That experience taught me how important it is to keep information accurate, answer questions clearly, follow through on details, and help care teams work smoothly. I also bring hands-on healthcare support experience from Valley View Home Care, where I documented observations, reported changes in client condition, and supported continuity of care for elderly clients.

I would bring Michigan Medicine a patient-centered approach, strong organizational habits, and a warm communication style. I am comfortable answering questions, coordinating information, managing documentation, supporting scheduling and follow-up, and staying steady in a fast-paced healthcare environment. I am bilingual in English, Gujarati, and Hindi, which also helps me communicate with a wide range of patients and families.

Thank you for considering my application. I would welcome the opportunity to bring my healthcare coordination and patient service experience to Michigan Medicine.

Sincerely,

Shivani Patel

TARGETED RESUME - Medical Coordinator

Medical Coordinator

Patient Services Associate - Reading Room Coordinator

PROFESSIONAL SUMMARY

Compassionate medical coordinator and patient services professional with 5+ years of experience supporting medically vulnerable adults through intake, enrollment, care documentation, scheduling follow-up, and patient/family communication. Proven ability to keep healthcare workflows accurate, warm, and responsive in busy care environments.

CORE SKILLS

- Patient services and medical office coordination
- Patient intake, enrollment, and registration-style workflows

- Medical records and HIPAA-conscious documentation
- Provider, patient, and family communication
- Scheduling, referrals, and follow-up
- Data entry, reporting, and administrative accuracy
- Medication support and wellness monitoring
- Strong phone, email, and interpersonal communication
- Bilingual: English, Gujarati, Hindi

EXPERIENCE

Client Enrollment and Growth Coordinator

| July 2022 - February 2026

- Managed client intake, registration, enrollment documentation, and referral coordination for an adult day care program serving 130+ participants.
- Increased client participation from approximately 30 to over 130 by improving onboarding, family communication, and enrollment workflows.
- Served as a primary point of contact for clients, families, and care staff, coordinating schedules, provider follow-up, and care plan logistics.
- Maintained accurate health records, medication logs, attendance reports, and care instructions in HIPAA-conscious workflows.
- Monitored vital signs and assisted with medication administration under certified protocols.
- Organized daily workflows across front desk, client support, and administrative tasks to ensure smooth facility operations.

In-Home Client Support Specialist

| January 2019 - December 2025

- Delivered dependable in-home care for elderly clients, assisting with daily living needs, safety checks, and wellness monitoring.
- Documented client observations, care activities, and schedule updates to support consistent care delivery and family communication.
- Reported changes in client condition, medication needs, and appointment schedules to supervisors and care teams.
- Built strong rapport with clients and families through patient, respectful, and responsive service.
- Managed care documentation and coordinated logistics for client visits.

Kitting Associate

| Carbondale, PA | July 2019 - May 2022

- Supported production workflows by preparing kits, handling materials, and maintaining accurate inventory records.
- Processed orders, verified shipments, and updated database records with precision and attention to detail.
- Followed safety procedures and supported team productivity in a fast-paced manufacturing environment.

EDUCATION

Maharaja Sayajirao University of Baroda, Gujarat, India | 2017 - 2019

CERTIFICATIONS

- Medication Administration Certified

STRENGTHS

- Strong organizational and multitasking skills
- Excellent phone, email, and interpersonal communication
- Empathetic, patient, and service-oriented care approach
- Comfortable supporting healthcare documentation and coordination workflows
